Director of Data Processing, DDA
Director of Finance, DDA
Director of Logistics, DDA
Director of Security, DDA
Information Handling Systems Architect, DDA
Special Support Assistant, DDA

FROM:

Chief, Information Management Staff, DO

25X1

SUBJECT:

CRAFT Preliminary Requirements Definition ☐

25X1

1. Attached is a copy of the "Preliminary Requirements Definition" for the Directorate of Operations' field automation program (acronym CRAFT). ☐

25X1

2. We plan to deploy the initial increment of the CRAFT Systems to eight overseas sites starting in FY-83. To meet this implementation schedule, hardware procurement and pre-installation site surveys will commence in early FY-82 utilizing CRAFT programmed funds. The experience gained from these testbed installations will serve as the basis for determining whether or not the program should proceed and, if this decision is favorable, whether the configuration utilized is satisfactory for the next phase of implementation at additional overseas locations. ☐

25X1

3. Your comments on the CRAFT Requirements Definition are welcomed. ☐
